A. **Applicability of T-15 and B-15 Cities for payment of Brokerages:**

- The List of Top 15 cities is released by AMFI as per the criteria outlined in the SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012. In terms of the captioned circular, top 15 cities are based on Association of Mutual Funds in India (AMFI) data on AUM by “Geography – Consolidated Data for Mutual Fund Industry”.
- The Top 15 (T-15) cities as of June 2014 are Ahmedabad, Bangalore, Baroda, Chandigarh, Chennai, Hyderabad, Jaipur, Kanpur, Kolkata, Lucknow, Mumbai (including Thane & Navi Mumbai), New Delhi (including NCR), Panjim, Pune and Surat.
- Cities beyond T-15 are classified as “Beyond Top 15 (B-15) cities”. NRI & other eligible Foreign Investor Investments business shall also be considered as T-15 business. Additional upfront / trail brokerage offered on investments from B15 cities will not be applicable to investments from T15 cities, NRIs and Foreign Institutional Investors.

B. **Recovery of Upfront Brokerage Paid:**

1. The Upfront Brokerage paid to a Distributor will be recovered from the Distributor, if the investment for which such upfront brokerage was paid is redeemed /switched out to any other scheme or the Direct Plan before the completion of the Exit Load period.

In the case of Franklin India Government Securities Fund – Composite / PF / LT Plans the recovery period will be one year.

The basis for the same is outlined below –

- The Recovery will be made on a **pro-rata basis**, depending upon the number of days for which the investment has stayed invested in the fund before being redeemed / switched out.
- In case exit load is mentioned in months – 1 month will be considered as 30 days, 3 months as 90 days, 6 months as 180 days, 9 months as 270 days and 1 year as 365 days respectively
- Recovery of the brokerage will be equal to **Upfront Brokerage paid x (No. of days for the Exit Load period – No. of days the monies have stayed in the funds) / (No. of days for the Exit Load period)**. For example :

An upfront brokerage of 0.75% is paid on an Equity Fund, where the Exit Load period is 1 year. For an investment of Rs. 100,000/-, a distributor would be paid a sum of Rs. 750/- as the upfront brokerage. If the investor redeems this money exactly after completion of 180 days the recovery will be Rs. 380.14, computed as ((750 * (365 – 180))/365 as per the above formula.

2. For Additional Brokerage Structure applicable for investments **Beyond Top 15 Cities, full recovery** of the additional brokerage paid will be done in case the Investor redeems / switches out to any other Scheme or the Direct Plan before the completion of **ONE YEAR** from the date of investment, irrespective of the Exit Load period applicable to the Fund.

3. The Recovery will be made from the Brokerage payable to the Distributor for the month in which redemption has been made. In case the Brokerage payable to the Distributor is insufficient to cover the Recovery amount, we will continue to recover from the brokerage payable in subsequent months. In case the recovery is not completed in 3 months, a demand notice will be sent to the Distributor asking him to refund the money to the AMC. In case the Distributor does not pay the money within 1 month from the date of the receipt of the notice, the AMC will approach AMFI and / or may initiate legal action for resolution of the same.

C. **Brokerage payable on Switches**

- Upfront brokerage will be paid on switches done from one Equity Fund to another Equity Fund only on completion of three years from the date of initial investment.
- In case an investor switches out money from a fund before the exit load Period, it will be considered as redemption and the upfront brokerage so paid will be recovered in lines of Para B above.
- The switch-in will be considered as a fresh purchase, and the upfront brokerage payable on the switch-in fund will be paid in entirety to the distributor.

D. **Statutory / AMFI Driven Regulations**
